

# Timber Parting Beads

## Data Sheet

### Parting Beads

Our parting beads are high quality and come in a range of sizes and styles (see page 4 for comprehensive list of our beads) used to create a seal around your windows preventing heat from escaping and improving the energy efficiency of homes and buildings. All of which can be installed easily with the minimum of fuss.

For added convenience, drawings of all section sizes are available to view or download on each individual product page.

### Features

- Manufactured from durable timber
- Available in 8mm or 7mm thicknesses
- Available in 25mm and 28mm high versions
- All supplied in 3mtr lengths
- Our timber is free from bowing and twisting
- All sizes available in either natural finish or white primed
- Supplied with pre-inserted weatherproofing in a choice of 5.5mm or 8.5mm heights
- Supplied as single lengths
- All of our timber is FSC® accredited and comes from a sustainable source
- Our parting beads can be used to weatherproof the top and bottom sashes by cutting and reversing them at the meeting rail.
- Also available with plastic brush carrier
